

2006 Minnesota Solar Tour

October 7, 2006

Battle Creek Environmental Magnet Elementary School

60 South Ruth Street
St. Paul, MN

Battle Creek Environmental Magnet Elementary School takes advantage of unimpeded solar access. Photovoltaics panels produce over 1 kW of power for the facility.

System Components

- 18-panel photovoltaic array

Directions

From I-94 East or West, exit Ruth Street (east of downtown St. Paul) and go south to school.
